Our Quality Objectives

A Dart & Co is an established professional building and civil construction company experienced in the fields of commercial and civil construction, cladding installation and building maintenance.

A Dart & Co aim to provide a professional and ethical service to our clients. In order to demonstrate our intentions we have identified the following objectives.

- Ensure we understand our client's requirements and that these requirements are satisfied to the best of our ability.
- Ensure effective and efficient delivery of our services to meet the needs and expectations of our clients.
- Ensure we provide cost effective solutions to our clients.
- Ensure that activities engaged by the company are conducted safely for employees, subcontractors, public and visitors to maximize performance.
- Ensure we provide our clients with high quality work, conforming to the contract specifications, Building Regulations and Industry Best Practice.

To ensure these and other objectives required to meet these high standards are met , A Dart & Co has established a quality program to provide customers with the assurance that all work carried out by A Dart & Co will be consistently of excellent quality and a high standard.

This program is controlled and guided by the planning processes that are established at the relevant levels and functions within the business. This is aimed at continually reviewing and improving the systems whilst still providing a high standard of work.

A Dart & Co's quality system is based on Australian Standard AS/NZS ISO 9001:2015 and is regularly reviewed to maintain a high standard.

This statement is issued to indicate A Dart & Co's attitude to its customer relationships and to its own excellence of construction. I seek full support of my professional staff, employees, sub-contractors, and suppliers in actively pursuing this quest for quality.

Signed

Jeffrey Dart
