

A. Dart & Co

Quality Policy Statement

A Dart & Co is an established professional building and civil construction company experienced in the fields of commercial and civil construction, cladding installation and building maintenance.

A Dart & Co has, as its main objective, a commitment to remain a leading Contractor in the Building and Composite Cladding industry. This commitment extends to providing satisfaction to all its customers in quality, time and budget restraints.

To ensure these and other objectives required to meet these high standards are met , A Dart & Co has established a quality program to provide customers with the assurance that all work carried out by A Dart & Co will be consistently of excellent quality and a high standard.

This program is controlled and guided by the planning processes that are established at the relevant levels and functions within the business. This is aimed at continually reviewing and improving the systems whilst still providing a high standard of work.

A Dart & Co's quality system is based on Australian Standard AS/NZS ISO 9001:2008 and is regularly reviewed to maintain a high standard.

This statement is issued to indicate A Dart & Co's attitude to its customer relationships and to its own excellence of construction. I seek full support of my professional staff, employees, sub-contractors, and suppliers in actively pursuing this quest for quality.

Jeff Dart
General Manager
